PROGRAM FOR MONDAY, JUNE 10

08:15	*Registration*
Session 1	
08:45 – 09:45	Aad Ruiter (University of Amsterdam, CenDef) "Understanding Trading at all Prices"
09:45 – 10:45	Te Bao (Nanyang Technological University Singapore) "When Speculators Meet Constructors: Positive versus Negative Feedback in Experimental Housing Markets" (with Cars Hommes)
10:45	*Coffee Break**
Session 2	
11:15 – 12:15	Yan Chen (University of Michingan) "Motivating Contributions to Public Information Goods: A Personalized Field Experiment on Wikipedia" (with Rosta Farzan, Robert Kraut, Iman YeckehZaare and Ark Fangzhou Zhang)
12:15 – 13:15	Michele Fioretti (University of Southern California) "Dynamic Regret Avoidance" (with Giorgio Coricelli and Alexander Vostroknutov)
13:15	*Lunch**
Session 3	
14:15 – 15:15	Julian Romero (University of Arizona) "A Model of Adaptive Reinforcement Learning" (with Yaroslav Rosokha)
15:15 – 16:15	Giulia Iori (American University in Dubai) "Trade Frictions in Decentralized Markets: An Experimental Study" (with Burcu Kapar, Albert Banal Estanol, Simone Alfrano and Eva Camacho)
16:15	*Coffee Break**
Session 4	
16:45 – 17:45	Felix Mauersberger (University of Bonn) "Thompson Sampling: Endogenously Random Behavior in Games and Markets"
20:30	*Workshop Dinner**

PROGRAM FOR TUESDAY, JUNE 11

Session 5	
08:45 – 09:45	Peter Bossaerts (University of Melbourne) "Asset Pricing under Computational Complexity" (with Elizabeth Bowman, Felix Fattinger, Harvey Huang, Carsten Murawski, Anirudh Suthakar, Shireen Tang and Nitin Yadav)
09:45 – 10:45	Frieder Neunhoeffer (University of Amsterdam) "Time Pressure in Long Run Learning-to-Forecast Experiments" (with Jan Tuinstra and Mikhail Anufriev)
10:45	*Coffee Break**

Session 6	
11:15 – 12:15	Herbert Dawid (Bielefeld University) "Foundations of Behavioral Rules in Macroeconomic Agent-based Models: A Survey"
12:15 – 13:15	Yaroslav Rosokha (Purdue University) "Using Machine Learning for Modeling Human Behavior and Analyzing Friction in Generalized Second Price Auctions" (with Karthik Kannan and Vandith Pamuru)
13:15	*Lunch**

Session 7	
14:15 – 15:15	Gabriele Camera (Economic Science Institute) "Breaking Up: Experimental Insights into International Economic (dis)integration" (with L. Hohl and R. Weder)
